Annual Index

Volume 10, 1978

VOL.
10
1978

ACCIDENTS and other rare events, Generating hypotheses to explain (Guest Editorial). L. Benner, 10(1):2-4.

ALCOHOL SAFETY ACTION PROJECTS, An evaluation of the Department of Transportation's. P. Levy, R. Voas, P. Johnson, and T. M. Klein, 10(4):162-176.

Anger, W. K., Uslan, S. S., and Smith, M. J. Behavioral modification applied to occupational safety, 10(2):87-88.

ASAP education and rehabilitation programs, The specific deterrent effect of. J. L. Nichols, E. B. Weinstein, V. S. Ellingstad, and D. L. Struckman-Johnson, 10(4):177-187.

Beers, J., and Burg, A. Reflectorization for nighttime conspicuity of bicycles and motorcycles, 10(2):69-77.

Benner, L. Generating hypotheses to explain accidents and other rare events (Guest Editorial), 10(1):2-4.

BICYCLE RIDING PRACTICES: Implications for safety campaigns. R. E. Dewar, 10(1):35-42.

BICYCLES AND MOTORCYCLES, Reflectorization for nighttime conspicuity of. A. Burg and J. Beers, 10(2):69-77.

Bishop, P. J. Impact performance of ice hockey helmets, 10(3):123-129.

Burg, A., and Beers, J. Reflectorization for nighttime conspicuity of bicycles and motorcycles, 10(2):69-77.

Clay, T. R., and Swenson, P. R. Selective enforcement of drunken driving in Phoenix, Arizona, 10(3):130-138.

Cleveland, R. J., Cohen, A., Cohen, H. H., and Smith, M. J. Characteristics of successful safety programs, 10(1):5-15.

Cohen, A., Cleveland, R. J., Cohen, H. H., and Smith, M. J. Characteristics of successful safety programs, 10(1):5-15.

Cohen, H. H., Cohen, A., Cleveland, R. J., and Smith, M. J. Characteristics of successful safety programs, 10(1):5-15.

Denny, V. E., Gilbert, K. J., Erdmann, R. C., and Rumble, E. T. Risk assessment methodologies: An application to underground mine systems, 10(1):24-34.

Dewar, R. E. Bicycle riding practices: Implications for safety campaigns, 10(1):35-42.

DRINKING DRIVERS, Court systems for (Guest Editorial). G. J. Scrimgeour, 10(2):50-57.

DRIVER mental and physical conditions and errors causing traffic accidents, The interaction between: An analytical approach. D. Shinar, S. T. McDonald, and J. R. Treat, 10(1):16-23.

DRUNKEN DRIVING in Phoenix, Arizona, Selective enforcement of. T. R. Clay and P. R. Swenson, 10(3):130-138.

Ellingstad, V. S., Struckman-Johnson, D. L., Weinstein, E. B., and Nichols, J. L. The specific deterrent effect of ASAP education and rehabilitation programs, 10(4):177-187.

Erdmann, R. C., Rumble, E. T., Gilbert, K. J., and Denny, V. E. Risk assessment methodologies: An application to underground mine systems, 10(1):24-34.

Gilbert, K. J., Erdmann, R. C., Rumble, E. T., and Denny, V. E. Risk assessment methodologies: An application to underground mine systems, 10(1):24-34.

Hagen, R. E. The efficacy of licensing controls as a countermeasure for multiple DUI offenders, 10(3):115-122.

ICE HOCKEY HELMETS, Impact performance of. P. J. Bishop, 10(3):123-129.

Johnson, P., Klein, T. M., Voas, R., and Levy, P. An evaluation of the Department of Transportation's alcohol safety action projects, 10(4):162-176.

Jones, R. K., and Joscelyn, K. B. Management of the traffic crash risk: A conceptual framework, 10(4):148-161.

Joscelyn, K. B., and Jones, R. K. Management of the traffic crash risk: A concep-

tual framework, 10(4):148-161.
Klein, T. M., Johnson, P., Voas, R., and Levy, P. An evaluation of the Department of Transportation's alcohol safety action projects, 10(4):162-176.
Levy, P., Voas, R., Johnson, P., and Klein, T. M. An evaluation of the Department of Transporation's alcohol safety action projects, 10(4):162-176.
LICENSING CONTROLS as a countermeasure for multiple DUI offenders, The efficacy of. R. E. Hagen, 10(3):115-122.
McDonald, S. T., Treat, J. R., and Shinar, D. The interaction between driver mental and physical conditions and errors causing traffic accidents: An analytical approach, 10(1):16-23.
Nichols, J. L., Weinstein, E. B., Ellingstad, V. S., and Struckman-Johnson, D. L. The specific deterrent effect of ASAP education and rehabilitation programs, 10(4):177-187.
OCCUPANT RESTRAINT SYSTEMS, Static passive, without airbags and without belts–Is it possible? J. D. States, 10(3):108-114.
OCCUPATIONAL INJURY INFORMATION, The improvement of: A project of the National Safety Council, 10(2):89-94.
OCCUPATIONAL SAFETY AND HEALTH, The economics of. R. K. Pachauri, 10(2):78-86.
OCCUPATIONAL SAFETY, Behavioral modification applied to. M. J. Smith, W. K. Anger, and S. S. Uslan, 10(2):87-88.
Pachauri, R. K. The economics of occupational safety and health, 10(2):78-86.
PROTECTIVE BEHAVIOR, The psychology of. P. Slovic, 10(2):58-68.
RAILWAY CROSSINGS, The effects of local knowledge and sight restrictions on driver behavior at open. E. C. Wigglesworth, 10(3):100-107.
RISK ASSESSMENT methodologies: An application to underground mine systems. V. E. Denny, K. J. Gilbert, R. C. Erdmann, and E. T. Rumble, 10(1):24-34.
Rumble, E. T., Erdmann, R. C., Gilbert, K. J., and Denny, V. E. Risk assessment methodologies: An application to underground mine systems, 10(1):24-34.
SAFETY PROGRAMS, Characteristics of successful. M. J. Smith, H. H. Cohen, A. Cohen, and R. J. Cleveland, 10(1):5-15.
Scrimgeour, G. J. Court systems for drinking drivers (Guest Editorial), 10(2):50-57.
Shinar, D., McDonald, S. T., and Treat, J. R. The interaction between driver mental and physical conditions and errors causing traffic accidents: An analytical approach, 10(1):16-23.
Slovic, P. The psychology of protective behavior, 10(2):58-68.
Smith, M. J., Anger, W. K., and Uslan, S. S. Behavioral modification applied to occupational safety, 10(2):87-88.
Smith, M. J., Cohen, H. H., Cohen, A., and Cleveland, R. J. Characteristics of successful safety programs, 10(1):5-15.
States, J. D. Static passive occupant restraint systems without airbags and without belts–Is it possible? 10(3):108-114.
Struckman-Johnson, D. L., Ellingstad, V. S., Weinstein, E. B., and Nichols, J. L. The specific deterrent effect of ASAP education and rehabilitation programs, 10(4):177-187.
Swenson, P. R., and Clay, T. R. Selective enforcement of drunken driving in Phoenix, Arizona, 10(3):130-138.
TRAFFIC CRASH RISK, Management of the: A conceptual framework. K. B. Joscelyn and R. K. Jones, 10(4):148-161.
Treat, J. R., McDonald, S. T., and Shinar, D. The interaction between driver mental and physical conditions and errors causing traffic accidents: An analytical approach, 10(1):16-23.
Uslan, S. S., Anger, W. K., and Smith, M. J. Behavioral modification applied to occupational safety, 10(2):87-88.
Voas, R., Johnson, P., Klein, T. M., and Levy, P. An evaluation of the Department of Transportation's alcohol safety action projects, 10(4):162-176.
Weinstein, E. B., Ellingstad, V. S., Struckman-Johnson, D. L., and Nichols, J. L. The specific deterrent effect of ASAP education and rehabilitation programs, 10(4):177-187.
Wigglesworth, E. C. The effects of local knowledge and sight restrictions on driver behavior at open railway crossings, 10(3):100-107.
